Thirty-eighth Public Sale of  
**RARE COINS**

To Be Sold by Mail Auction  
to the Highest Bidder Without Reserve  
Wednesday, April 18, 1928, by

**M. H. BOLENDER**

**P. O. Box 34**

**Orangeville, Illinois**

Send in a liberal number of bids and MAIL THEM EARLY if convenient. Bids must reach me not later than the morning mail of the date of sale. And you may be safe in making your bids liberal because (1) I do not over-rate the quality of a lot; (2) I buy below your bids wherever possible; and (3) I positively return your money if dissatisfied, plus postage both ways.

**To Collectors**—I wish to announce that according to my usual custom, I shall continue my monthly mail auction sales of coins during all the spring and summer months. In fact, some of my best sales will occur this summer. The real enthusiastic numismatist finds at least a little time to devote to the collection of coins even in the warm months, and some collectors are much more active then.

In this sale you will find a wonderful collection of United States fractional currency with all varieties choice; many United States silver and copper coins; Commemorative coins; some very good Colonial coins; Bryan money; collection of Napoleon medals; genuine Indian relics; fine foreign silver of dollar size; curious money; choice hard times tokens; specimen fractional currency; fine ancient Roman family denarii; ancient electrum stater of Carthage; choice cents of 1794; 1793 cent; many large lots of coins, etc., offering a wide variety of material.

Collectors of experience find that not all dealers classify coins alike.

My classifications and descriptions are based on knowledge gained through 15 years of earnest dealing in coins. I have endeavored to refrain from over-rating the quality of a lot, which is so common. I believe that the word "RARE" should not be over-worked.

Please remember my strong guarantee. If goods are not satisfactory (you are to be the judge), you are at liberty to return them without any danger of offending.

New bidders should send references or a deposit of at least 25 per cent of bids.

Be sure to send some bids to this sale. If you find nothing to bid on, and you want next month's sale list, it is safest to request same by postal card. If no bids are received from you, your name is subject to withdrawal from my mailing list to make room for new collectors. It takes only a minute of your time and a postal card to bring you the next sales list in case you send no bids this time. If you send bids, you are certain of next month's sale list.

Coins will be bought as much below your

bids as possible, as this is competitive bidding carried out in good faith.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft, or money order itself is a receipt and we ask you to pay only once. However, if a 2-cent stamp is enclosed we will send receipt.

Some new unsolicited testimonials recently received:

"The coins arrived and I am more than satisfied with the lot. Each one has its own particular merit, and I can readily see why your business is growing."

"Your sales are more and more popular and have proven very satisfactory as I have purchased from you, and sold through you."

"Your arrangement of coins sent in by me for sale is quite satisfactory."

"I am very pleased with the way you arranged and classified my coins."

"I am always pleased to receive your catalogs; our dealings have been most satisfactory and pleasant."

"I have always been exceptionally well pleased with the results of your auctions and I look forward to your sales with great interest."

"The coins arrived and I am most pleased with them."

"At this time I wish to state that I have the utmost confidence in your classification of coins."

"Was very much pleased with both coins and prices I received from your last auction."

"Your coins received and many thanks. They came up to my expectations in every way."

"I received your recent shipment of coins this date and all are very satisfactory."

I have hundreds of similar letters on file in my office, open to inspection by visitors.

The following was written by an eminent numismatist and a specialist on United States fractional currency:

"The 25 pieces of United States fractional currency purchased in your sale of Dec. 15 by me, is one of the finest lots I have seen come out of any auction sale, and whereas you have saved me 11 per cent also on my bids I am well satisfied. I have bid at all your sales for a considerable time and perhaps you have noticed I have been increasing my bids each time—there is a reason: dependability and prompt and courteous service."

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory results are realized. My sales are held regularly each month. Write for terms.

Please bid by the piece unless stated to bid for the lot.
